WREK ETHOS: ENTROPY ALWAYS WINS. ACCEPT YOUR FATE.

WREK operates under three immutable laws that define its unique nature and approach to the crypto wild west. This ain't your grandma's DeFi. 

RULE #1: ENTROPY ALWAYS WINS.

Everything decays: ecosystems, narratives, tokens. WREK simply built this immutable truth into its protocol, preparing for the ultimate REKT. 

RULE #2: NO DEVS. NO CONTROL.

No issuing bodies, no freezes, no admin keys, no 'developer wallet resets.' True decentralization, you degens. 

RULE #3: COMMUNITY IS THE NEW SHILL.

Memes are the product. Culture is value. Degeneration is the driver. Welcome to the new meta.

Operating Wallet: NOT REKT YET!

Controlled Supply, Bruh

This wallet exists because centralized exchanges demand their tribute 💰, memes sometimes need serious budget-backed firepower ★, and infrastructure isn't gonna pay itself. But fear not, apes, to keep things fair and square:

1

WALLET IS PUBLIC AF! 💫
★

Every single transaction is on-chain, anyone can track its movements.

2

SPENDING CAPPED! 🚫 💰

Soft cap: ~1% per week maximum, no insane dumps allowed.

3

COMMUNITY APE-WATCH! 🦍

Every single move is scrutinized by the diamond-handed community. No funny business!

Entropy Timeline (Not a Roadmap)

This is not a roadmap, but rather a chronology of WREK's inevitable decay, divided into phases, each reflecting a unique stage in the project's life. 💀 Prepare to be REKT. 💰

Phase 0 – GENESIS: IGNITE THE REKTPCALYPSE 🔥🚀

Launch, LP add and burn, vault activation. The decay begins, the blockchain trembles. 💀

Phase 2 – ADAPT OR BE REKT 💰💎

Dev holds 0% – absolute mad lad. Some ape in, some paper hand, some stack sats. The market shifts. 💎

Phase 4 – ENDGAME DRIFT 💀💎

Vault nearly empty, circulation becomes a sacred artifact 💎. Moon is dust, but the community is built different. They're not just mad, they're about to go full REKT mode. 💰

Phase 1 – EARLY DECAY ⚡: NOOB GAINS ERA ⭐

First memes go viral, cult followers emerge from the shadows, bewildering normies on X. ⚡ Get ready to be REKT by the vibe. 💎

Phase 3 – CULT OF WREK 💀🔥🌙

AI meme bots activate, ritual burns commence 🔥, Moon Decay aesthetics dominate. WREK transcends. 🌙 Only true believers survive. 💎

Phase ?? – ETERNAL ECHO 🚀 (WREK NEVER DIES)

When WREK transforms into a digital relic, its memes achieve immortality, outliving the blockchain itself. 💀 A true legend never dies. 💎

LAST WORDS: WREK'd or BASED? 🔥💀⚡

WREK is a love letter to pure entropy 💀. A coin that embraces the MELT ⚡, rather than denying it. A world that beautifully crumbles 🌙, yet we ape in anyway. A community that laughs through the REKT collapse 😂. A supply that melts faster than ice cream on a Florida sidewalk 💰. TO THE MOON, BUT DOWN! 🚀

“I was here when the Moon began to rot. Still not REKT enough.” 🌙
